DURING YOUR TREATMENT

INTRODUCTORY PRICE!

ENHANCE YOUR
FCS TREATMENT
WITH PEMF + NEGATIVE IONS

ONLY **\$20.00**

Added during your
scheduled FCS treatment

NEGATIVE ION THERAPY

REPLENISH • PROTECT • REDUCE OXIDATIVE STRESS • SUPPORT OVERALL WELLNESS

According to Healthy Wave, EMFs, stress, illness, and other environmental or metabolic stressors may contribute to negative-ion depletion. Negative Ion Therapy helps replenish negative ions, which may act as antioxidants, helping to reduce free radicals, oxidative stress, and inflammation.

PEMF THERAPY

STIMULATE • REPAIR • RECOVER • BLOCK HARMFUL EMFs

PEMF uses low frequency pulsed electromagnetic frequency to stimulate ATP production – our body's energy source – to enhance cellular function, repair and recovery while blocking harmful EMFs.

INDICATED FOR:

Programs are individualized based on each patient's treatment goals.

PAIN MANAGEMENT

May help reduce acute and chronic pain by improving circulation and promoting tissue repair.

MOOD, ANXIETY & DEPRESSION

May help improve mood, support emotional balance, reduce anxiety and depression, and promote relaxation and calm.

BONE HEALING AND HEALTH

May support bone density and accelerate the natural bone healing process.

SLEEP

May support deeper, more restorative sleep and help regulate sleep cycles.

FCS + NEGATIVE ION THERAPY + PEMF = OPTIMAL HEALING
